

# Christ Jancinth Robles

Mayondon, Los Baños, Laguna

09363864635 | ict1robles.cdlb@gmail.com

## Objective

---

A motivated Information Technology graduate with a major in Web and Mobile Application Development, seeking an opportunity where I can apply my technical skills and creativity into an organization. I am eager to support the company's growth, contribute to creative projects, and sustain my ongoing professional and personal development

## Projects

---

### MacroGo

**Academic Project | Role:** Developer

A mobile application that helps an individual in monitoring and tracking their daily food intake and macros.

**Languages:** Java

### Inventory/Point of Sale System

**Academic Project | Role:** Developer

An Automated web system that tracks a coffee shop's ingredient inventory and sales, reducing waste and optimizing stocks levels.

**Languages:** HMTL, CSS, PHP, Javascript, MySQL

### Alumni Management System

**Capstone Project | Role:** Developer

A web-based system designed to streamline alumni management by centralizing information, facilitating job posting, enhancing communication, and generating insightful reports.

**Languages:** HMTL, CSS, PHP, Javascript, MySQL
